Description:

Sporty, functional jersey. 100% micropolyester material with DRY TOUCH fabric. The DRY TOUCH high-tech fabrics are the ideal choice for active athletes. The jerseys offer a natural look and a soft feel, while at the same time they ideally regulate body temperature, guarantee perfect moisture transport and thus keep the skin dry. The air is directed from the outside to the inside, while moisture is transported to the outside at the same time. The body breathes more easily. Energy consumption is reduced because the body needs less energy to regulate body temperature. The fibers dry faster and feel more comfortable on the skin.

Prices:

Size	USD	EURO
S – 2XL	57,90\$	59,90€

How to find your size

If you have difficulties finding your size, use the attached table. Just lay your favorite shirt on a flat surface and measure the distance of line "A". **Important:** Don't measure while wearing the shirt!

	A		B	
XS	18.5"	47 cm	26.4"	67 cm
S	18.9"	49 cm	27.2"	69 cm
M	20.0"	51 cm	28.0"	71 cm
L	20.9"	53 cm	29.2"	74 cm
XL	21.7"	55 cm	30.0"	76 cm
XXL	22.8"	58 cm	30.7"	78 cm
3XL	24.0"	61 cm	31.9"	81 cm
4XL	24.8"	63 cm	32.7"	83 cm

* Sizes 5XL-6XL each plus 0.8" / 2 cm in width (A) and length (B)

IMPORTANT

In order to achieve optimal care for the jersey and print, please take care of the attached care instructions:

- Before washing, turn the product inside out.
- Wash at max 30 degrees Celsius.
- Do not use fabric softener.
- Do not use chlorine.
- Product is not suitable for tumble drying (hang on hanger and let air dry).
- Do not iron.

With regular use of the care tips, you will **enjoy** your product in the **long term**.

General information on individual layouts, PDF color view and washing recommendation:

Layout images in the picture may differ in color and background patterns due to digital conditions, so we recommend ordering a small number of samples in advance for larger order quantities. Pattern transitions on jerseys to the sleeves and over the button placket, can vary by up to 2.5 cm due to manufacturing reasons, as individual elements such as sleeves (shirts with polo). Parts of the button placket, etcetera can only be finally joined together. In the case of coloring using the sublimation printing process, color errors of up to 2.5 mm are to be accepted. In the case of larger color defects (up to 3.5 mm), a complaint is entitled to a 10% net price reduction. The "sharivari line" collection is 100% micropolyester made. Wash suitability up to 30 degrees Celsius, wash cycles without fabric softener or chlorine additives must be observed. The products are not suitable for tumble drying, ironing is also not necessary. Subsequent complaints are excluded if these instructions are not observed.
